## **GMHC Responds to Community Outbreak**

GUTTENBERG, IA October 23, 2020 – With the recent outbreak of COVID-19 in our community, Guttenberg Municipal Hospital & Clinics is experiencing high patient volume.

Adjustments in our operations routine may be necessary as we use extra resources to manage patient volume as best we can. This includes potential hours of operations adjustments at our family practice clinics.

We urge you to partner with us in keeping our community safe: wear a mask, social distance, wash hands, and isolate yourself if you are not feeling well.
